

BUILDER SKILLS • IN BUILD ORDER

10 Claude Code skills for Power Platform builders

In the order I actually use them.

Swipe →

01 / 10

SKILL

Power Platform Architect

Your requirements become an architecture.

FROM

[github/awesome-copilot](#) (★ 40k)

02 / 10

SKILL

/dv-connect

Your AI, wired to Dataverse.

FROM

microsoft/Dataverse-skills

03 / 10

SKILL

/dv-metadata

Your data model, described and created.

FROM

microsoft/Dataverse-skills

04 / 10

SKILL

/create-site

Power Pages from a prompt.

FROM

microsoft/power-platform-skills

05 / 10

SKILL

/create-code-app

React apps running on Power Platform.

FROM

[microsoft/power-platform-skills](#)

06 / 10

SKILL

/app-builder

A full model-driven app.

FROM

microsoft/power-platform-skills

07 / 10

SKILL

/build-flow

Power Automate flows from plain English.

FROM
